

# Nicolet Class of '68 Resurrection™

## Index to information about our 50<sup>th</sup> Reunion

Our 50<sup>th</sup> reunion is planned for **August 3 – 5, 2018**. We are hopeful that you will make time in your summer schedule to attend at least some of the reunion functions. This is our last reunion. This is the reunion you can't miss. It's the most important thing for you to do in early August.

Information about the reunion can be accessed using the chart below. Click red  boxes to jump to subordinate .pdf pages with information about specific weekend events, to see who has already registered to attend, and to review the most recent class database update. The top row in the chart clicks to the reunion registration form. To jump back to this top page from one of the subordinate pages, just click on a blue Knight icon (like the one in the bottom right corner of this top page).

Please come back to this URL once and a while to see refreshed postings, including more complete information about the main Saturday night event. The class database information keeps improving as we are able to contact our friends and update their information. We hope you study that database to find your best friends and reach out to them, encouraging them to attend.

Content Synopsis	Click Here
