

# We are very receptive to new ideas for business partnerships

## Intellectual property owners

If you've developed a clever piece of software that we could distribute for you, we'd love to hear about it. If the product is well suited to help BPCS, ERP LX, or iSeries users, then it would probably fit well somewhere [here](#). Many of the companies that license software from Unbeaten Path end up acquiring multiple products from that page.

Our interest is not limited to the iSeries platform. We are actively seeking distribution opportunities that run on Intel servers as well.

If you talk with one of our existing business partners you will quickly learn that they trust us. We value those relationships. For years we have gone extra miles out of our way to nurture trust.

## Resellers

If you are currently selling technical services or have clients in the iSeries marketplace, you may be interested in augmenting your earnings by selling our products. Unbeaten Path International provides selling materials and sales training. We have a staff of iSeries industry experts committed to the best customer service in the industry.

## Entrepreneurs

If you are a seasoned executive and would like to earn a commission selling professional iSeries products and services from your home, then we should talk. We can be very creative. Give us a chance to talk about how this could work for you and Unbeaten Path.

## Questions ?

It would be a privilege to answer any questions about any of these business affiliate opportunities. Here's Unbeaten Path International's contact information:

**Toll free North America: (888) 874-8008**
